On August 6, 2007, the California Regional Water Quality Control Board, North Coast Region (Regional Water Board), Executive Officer issued Administrative Civil Liability Complaint No. R1-2007-0066 (Complaint) to the City of Eureka (Discharger). The Complaint proposes penalties pursuant to Water Code section 13385 in the amount of \$88,000 for alleged violations of effluent limitations and discharge prohibitions contained in Waste Discharge Requirements Order No. R1-2004-0013 (NPDES No. CA0024449) and violations of State Water Resources Control Board Order No. 2006-0003-DWQ that occurred during the period from April 1, 2004 through June 30, 2007.

***Opportunity for Settlement Without a Public Hearing***

A thirty-day public comment period has commenced beginning on the date of this notice. This matter may be settled without a hearing if no significant comments are received during the comment period and if the Discharger waives the hearing and agrees to either pay the full amount of proposed civil liability or pay \$36,500 and undertake an approved Supplemental Environmental Project. The Executive Officer will consider comments received and either finalize the settlement or take other appropriate action.

***Public Hearing Procedures***

If the Discharger expresses intent to contest the Complaint by not waiving the right to a hearing, the Regional Water Board will hold a public hearing on this matter on October 24 and 25, 2007 at 9:00 a.m., or as announced in the Regional Water Board's summary agenda to be mailed on or about October 3, 2007. The meeting is scheduled to be held at the Best Western Weaverville Victorian Inn conference room, 1709 Main Street, Weaverville, California. At the hearing, the Regional Water Board will consider whether to affirm, reject, or modify the proposed civil liability, or take other enforcement action.

If the Discharger and interested persons would like the Regional Water Board to consider additional technical reports, testimony, and other evidentiary material concerning this issue, written copies of such documentation must be received at the Regional Water Board office at 5550 Skylane Boulevard, Suite A, Santa Rosa, California, 95403, by 5:00 p.m. on September 10, 2007. This written material will be made available to the Regional Water Board members and all interested persons.

Written material received after the above date will not be accepted, except at the discretion of the Regional Water Board Chair. Untimely written material will not be accepted or incorporated into the administrative record if doing so would prejudice the Discharger or the Regional Water Board staff. The Chair may choose to modify this rule upon a showing of severe hardship (California Code of Regulations, title 23, sections 648.1 and 648.4).

All those who plan to testify at the hearing must submit written statements to the Regional Water Quality Control Board by September 10, 2007. The statements should provide the name of the witness, their qualifications (if an expert), and the scope of their intended testimony. Testimony at the above-scheduled hearing may summarize or explain timely submitted or late-accepted written evidence, but shall not add new evidence. The time constraints for oral testimony or comments will be set by the Regional Water Board Chair and usually will allow no more than ten minutes each for Regional Water Board staff and the Discharger and three minutes each for other interested persons. A timer may be used and speakers are expected to honor the time limits. Where speakers can be grouped by affiliation or interest, such groups will be expected to select a spokesperson and not be repetitive.
